Video (Responsive)."]}

Sports and all kinds of physical activities have become a popular and common way of spending free time. The residents of Kutno can use the largest Aquapark in central Poland, equipped with a swimming pool, fitness club with a weight-lifting area and a bowling club. Kutno City Stadium, where lovers of all the more popular jogging and young footballers can train safely and comfortably, creates good conditions for the development of traditional sports disciplines. Our city can also boast numerous bike paths or outdoor fitness areas.

And yet this is not all. Kutno is also the European Centre for Little League Baseball, a sports complex comprising two stadiums and three pitches which hosts Little League Baseball Championships of Europe and Africa every year.
